

LIVE NOW (INGLES)

When I feel it will be a good day,
only you know,
how to make that be like that,
and if you're not here,
i don't know what to do,
just today, let's go far away.

Yes... come on

You are not alone....come next to me

Just to know, ¿how many times we lose our lives thinking,
about the things that we did or not?,
just I beg you, kiss me and don't think about anything,
just... live now, because this will not last forever.

You want to enjoy this song,
feel its rhythm,
the feeling in your body will not stop,
put your hands in the air
and I will do the sound to reach far away.

Live now, dancing with me this song,
live now, look at my eyes and tell me...what you think
i know you want just to play,
don't think and let me love you...now

I don't want to lose you
you know I love you
give me a hope
give me some love.
